

VORTEX SUMP PUMP

DV SERIES

This WaterPro Submersible Vortex pump has been specifically designed for sump pump out applications. Solid cast-iron and stainless steel construction for robust and reliable pumps on which you can depend. Capable of handling soft solids up to 15mm.

APPLICATIONS

- Dirty water transfer
- Greywater
- Household wastewater
- Sump draining
- Pool emptying
- Wastewater systems (not for raw sewage)

FEATURES & BENEFITS

- Solids handling 15mm
- High performance
- Thermal overload protection
- Low power consumption
- 10m power cable, H05RN-F
- Includes multi-stage hose/tail
- Attractive retail packaging
- Electrical Safety Approval to AS/NZS60335.2.41

CONSTRUCTION

- Stainless steel motor housing and shaft
- Technopolymer vortex impeller
- Dual silicone carbide/ceramic mechanical seal with oil chamber
- MAC 3 type float switch, depth adjustable
- Cast iron base and outlet
- Ingress Protection IP68
- Insulation Class B

NOTE

*Do not use for raw sewage
